

## **Shick Esteve Global Launch at iba Munich 2018**

### **FOR IMMEDIATE RELEASE**

**Kansas City, Mo. (July 30, 2018)** – The merger of Shick Solutions and Esteve Process in August of 2017 solidified many months of growth and expanded resources. Shick Esteve is now a global front with combined global resources to offer more than 60 years in ingredient automation, 4000+ installations worldwide and 2000+ silos delivered to date. Its global networks provide access and accountability 24/7 with more than 45 agents, 15 service centers and installations in more than 65 countries. In addition to its global reach, Shick Esteve provides process and integrated data control that focuses on giving customers greater access to their process data. Clarity™ by Shick Esteve provides clarity of data in a contextual format allowing customers to make real time decisions that will maximize their production.

As the only global provider focused solely on the food industry, **Shick Esteve** will launch its new global brand and website during the iba 2018 world trade fair in Munich. They will showcase the latest in ingredient automation solutions and process design. Shick Esteve will be exhibiting its new global resources through animation, mobile solutions and interactive technology.
